## **PG DS – Data Science with R**

Lab Guide

Get Certified. Get Ahead.

**Note: The screenshots are only for your reference. Your LMS may look different depending on your course content.**

This section will guide you to:

- Use labs for executing all the demos included in this course

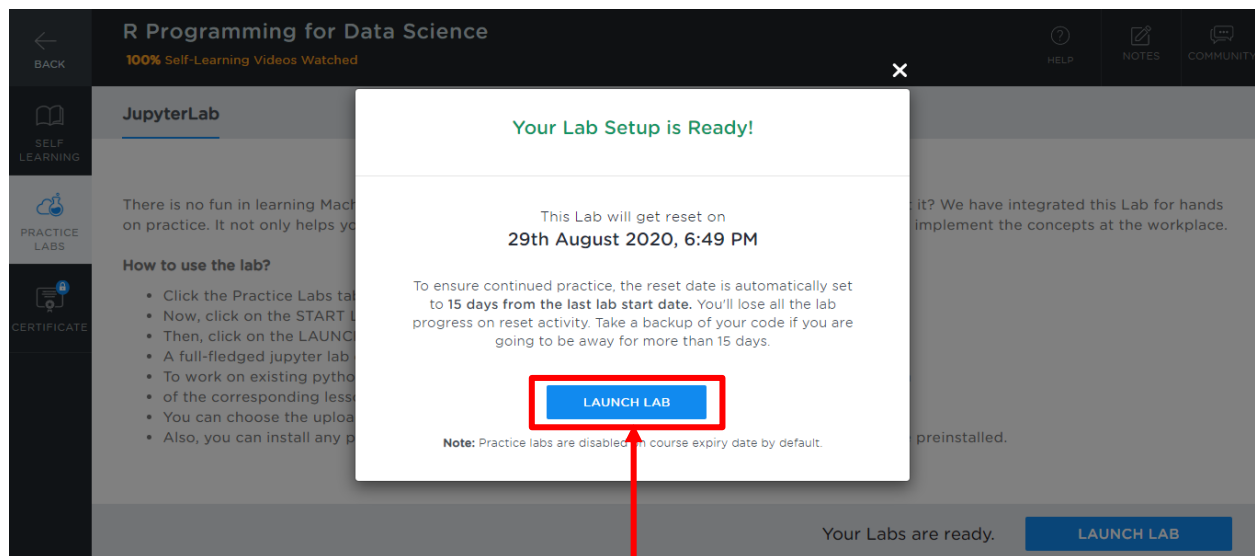

### Step 1: Starting **Practice Labs** on LMS

- Log into the Simplilearn LMS
- Go to the respective course

The screenshot shows the Simplilearn LMS interface. On the left sidebar, the 'PRACTICE LABS' menu item is highlighted with a red box. A red arrow points from the text 'Click on Practice Labs.' below to this menu item. The main content area is titled 'R studio' and contains text about the virtual lab environment. At the bottom right of the main content area, the text 'Your Labs are ready.' is displayed next to a blue 'LAUNCH LAB' button, which is also highlighted with a red box. A red arrow points from the text 'Click on Launch Lab to launch it.' below to this button.

Click on **Practice Labs**.

Click on **Launch Lab** to launch it.

Click on **Launch Lab** to launch it.
